- 3.2.0 Djhoudist Prudence is the use and application of deep critical thought (i.e., syncretic thought) to the resolution of a matter, esp. as informed by observance to Universal Law and Order, "Ma'at"; also known as working knowledge, wisdom, or judgement.

noble and holy code of conduct, and administered by just, duly sworn persons.

3.5.0 Sui Jurisdiction is One's Own Declarative Authority, or One's Own Right, constituting one's knowledge of self, and informing their colorability or subjectivity under law. Such jurisdictional standing may be exercised by right (*sui juris*) in matters of private policy, but remains altogether distinct from the criminal and civil magistracy under the law of the land.

3.5.1 A natural person *sui juris* reserves all rights entitled to one of free birth and standing, separate and apart from any state, or legal artifice, of incorporation.

3.6.0 The Three Principles of Light Industry are:

3.6.1 Policy: the nature, knowledge, and value of the Universal Intelligence "Mystery System,"

3.6.2 Practice: the Methodology used to instrumentalize the policy, and

3.6.3 Programming: the Application of best practices to produce intellectual labor power.

4.0.0 Constitution of the Membership Network

4.1.0 The FTLU Membership of Independent Contractors conducts its practice in each member's own individual right, with each having jurisdiction over their respective bodies and all fruits of their labor.

4.2.0 The FTLU as an entity, while legally incorporeal, serves as the body-politic of the Membership Network, and is administered by a Representative who appoints a Board of Program Directors.

4.3.0 Due to the decentralization of jurisdiction across the membership, the Union body shall move to act by consensus, rather than command, pursuant to statutory code.

4.4.0 The New Syllabus Code is a digital record of the resolutions, acts, and orders executed in the practice of the light work. It serves as the database for running

Light Workers' protocol. The Code is named after the New Syllabus of America, the first unionized practice of light work, All Rights Reserved.

- 4.5.0 The Code language is written and executed by the FTLU Network's Administrative Office of Ombudsman, Universal Law and Code Enforcement Agency and Hearing Examination and Resolution Tribunal. The Code shall service the citation of statutes of all precedential authority under Union jurisdiction.
- 4.6.0 All questions of general policy, by-laws, rule and practice should be raised to the Union's Office of Ombudsman.

- 5.0.0 The Worshipful Company Network Organizational Flowchart/The *Ptah Power Corps* © Liquid Capacitor Circuitry System
 - 5.1.0 The Network
 - 5.1.1 The Network is to liquidity as capacitance is to current, (C).
 - 5.1.2 Liquidity is to the Network as current is to capacitance, (L).
 - 5.2.0 Network Administration : Operating System (OS)
 - 5.2.1 The Administration is to the Union as the regulatory framework is to the market operating system.
 - 5.3.0 The Leadership : Market OS
 - 5.3.1 The Office of Ombudsman (OO) is to the Union as the market OS is to the end user (Client-L).
 - 5.3.2 The OO is to the Membership as the Central Process Server is to the peer node of a computer network.
 - 5.4.0 The Membership : The Client-L
 - 5.4.1 The Allied Contractor is to the Union as the End User is to the market as two parties are across a difference of potential.
 - 5.5.0 Contraction
 - 5.5.1 Contraction is to the Network as electromotive force induction (EMF *voltage*) is to capacitance. The two

parties are to mutual induction as work over time per unit of charge is to power.

5.6.0 Battery (*Djed*)

5.6.1 Batteries underlie contract as cells underlie power. Contract is to transformer as loops are to mutual induction of power.

5.7.0 Occupied Space

5.7.1 Occupation is to client's locality as deployment is to the Contractor. The cost of occupying space is to the contract as resistance is to impedance, or damping.

5.8.0 Principal/Interest

5.8.1 Light Work is to Labor as Trust is to Holding Mass.

5.8.2 (Intellectual Property/Practice)*(liquidity/space/time) = asset/commodity.

6.0.0 Diagnostic Auditing Service (Citation: *III N.S.C. 27*. Originally prescribed for use in the N.S. Department of Information Systems Intelligence Service [DISIS])

6.1.0 Abstract: *Human Software Tecknowledgegy, Mental Health Auditing, Information Systems Analytics, and the Methodology of Integrated Systemtheory*.

6.1.1 "Theory" is used here in the German sense of "Lehre" where is simply means "science", "tenants", "dogma," and/or "teaching"; here *Theorie* connotes a theorem or a fundamental truth.

6.1.2 Furthermore, this methodology applies to all Systemstheories, meaning Allgemeine, or general and Universal, Laws of exchange between complementary units (i.e. Numbers, Cells, Selves) operating on behalf of an harmonic whole.

6.1.3 This entire Systemstheorie is both a priori and a posteriori true; ergo it is a scientific method requiring only common sense for its proof.

6.1.4 Human Software Systems, i.e. The Mind, has and maintains the ability to function at optimal efficiency called "C-squared" consciousness [Cognizance]. This

type of consciousness is actually the conscious of a normal modern human being increased by the power it itself. The reason for this discrepancy is that people today do not employ the method of thought prescribed in this paper and by similar practitioners, ancient and sacred to the [Djedi]. It is for this reason that this very intelligence service is offered.

- 6.1.5 C-squared consciousness is characterized by the state of mind in perfect peace, or the quality of mental operation at minimal resistance.
- 6.1.6 The mind software codifies an optimal focal point within its hardware ("Body") called the Eye (i.e. "I" or "Self") and leverages it against the field of universal data. The software is operative while the data is latent until encountered by the software operation.
- 6.1.7 To receive into the mind (i.e. "to access") general universal information, the Mind projects its Eye onto the source data. To "project the Eye on" to the data means "to see/bear witness". The data is appropriately called the "Ion".
- 6.1.8 The exchange or transmission of such data or information in any form constitutes communication, wherein one (Self) is the receiver of that data which is communicated to it from either a material, incorporeal, or ambient source.
- 6.1.9 The human mind software actively programs the hardware (i.e. "body") to function as a battery; hence the efficiency of mental operation correlates to an individual's "ionic capacitance".
- 6.1.10 The Eye processes the Ions into a line-signal, or sine-wave, called the "input information". The Mind software program receives the input data in order to generate output data ("speech", "word", "logos") and/or program systems command code ("love", "ignore", "will", "power").

- 6.1.11 Knowledge is the summation operation of the mind upon the data transmitted from one point along a spectrum (i.e. the Alpha), to a secondary point (i.e. the Omega). If the system becomes at peace with the data, then the data is saved in the memory bank.
- 6.1.12 Ignorance results from the system's failure to integrate received data into knowledge. Fear and hate are data corruptions resulting from the lineage between ignorance and belligerence.
- 6.1.13 All such input information processes, whether written as command code or as logos, saved or unsaved, are recorded in the Mind's Memory bank, which is often called the Records or Files.
- 6.1.14 The active memory bank is located in the consciousness, or C: drive. However, files which are not saved in the C: drive are not able to be routed into output code by the consciousness.
- 6.1.15 Input which is not routed directly to output is still accorded its due weight in the Memory, however, due to the suppression of the data, it may not be easily recalled by the software system, and therefore may become latent coding in the unconscious command functions corrupting the files of the Self unit.
- 6.1.16 The system's capacity for Information Processing is commonly referred to as "Thought". The quality of optimal information processing is called "critical thought".
- 6.1.17 However, such processes may be inhibited by aberration in the mind's systems operations which renders in the Eye poor judgement and misunderstanding in the Self unit.
- 6.1.18 These aberrations are called "engrams", and such are "glitches" in the mental operation.
- 6.1.19 Such operations as are run "through the mind" are called "dianetic", from the Greek "dia nous".
- 6.1.20 Therefore, what was called "Dianetic Procedure" by

L. Ron Hubbard -- and by many other names in many other times and places -- proves to be [a] most reliable method for analyzing and resolving human thought patterns which cause the Self to operate short of optimal efficiently, C-squared consciousness, or "Christ"-consciousness. "Diagnosis" puts the God in "dia nous".

- 6.2.1 Our office will achieve this goal in every one of its freely accepted clients by employing an ancient and sacred, yet unique and original data mapping language in order to integrate the data lineage between the data source of Universal Allgemeine Law Systems and the data destination of the Human Mind, and to consolidate the number of data sources presently theorized into a single data source without redundant columns of data.
- 6.2.2 In other words, this Intelligence Service offers to the public the means and methods necessary to relieve any human being of ignorance, and restore them to the state of optimal peace and critical thought, by which they will attain the state of mastery over Themselves and the world of their perception.
- 6.2.3 This Ancient and Sacred Civil Service for the Administration of Civil Rites is offered by the NS DISIS Diagnostic Auditing Service to service the need of Humanity regarding communication with the Divine Consciousness/ Universal Law Code/God Almighty Unified Reality.
- 6.2.4 In this day and age it has become clear that this Human faculty for private and public divine communion, long suppressed by the Agency of Ignorance and Oppression, will require a renewed foundation upon which to build the Universal House of Truth wherein all those who are lost may be found, and from which those who are found may serve the Masses.

- 6.2.5 The DISIS proffers the records, means, and methods of evocation, invocation, contemplation, meditation, prayer, civil service, and general worship required to execute this social function.
- 6.2.6 The Diagnosis of the Diagnostic Auditing Service identifies the nature of all human illness to be psychosomatic aberration in the mind's thought software. Provided a treatment of mental auditing as described above, our prognosis is that even a severely corrupted mental system may be reformed to optimal c-squared consciousness through the use of FTLU/NS-brand coding language and information systems.
- 6.2.7 Any adjustment to the state of a human being's mental health bears a direct impact on, and may constitute entirely, their behavioral health. Such adjustments should be administered by knowledgeable and worshipful personnel in order to improve the function of the individual's Mind and to propagate universal love and peace to all Humanity in general.
- 6.3.0 Diagnostic Procedure of Auditing pursuant to LRH-NOI Agreement as hereby amended by NS shall be defined as any act of hearing. Such hearing may cause motions to be enacted thereto pertaining. Such procedure shall function as follows: (a) discovery, or collection of information/ foreknowledge, and identification of contested facts, (b) deposit knowledge (facts, ions) by formal hearing/auditing into record, (c) move to act upon knowledge or issue summary judgement (d) understanding knowledge hereby founded and final judgement of wisdom.
- 6.4.0 collect ion charge store ion capacitor, sieve, increase, transmit deposit.

M. Ma'at Law Statutory Code (IV N.S.C. 35-38)

- 1.0.0 Organization
 - 1.1.0 The Ma'at Legislature
 - 1.1.1 Tehuti (Thoth/Djhouidi) is the architect of the Universal Law and Order, and Ma'at is the archetype of all such Legislation governing the universal system of Nature.
 - 1.1.2 The Divine Office of Tehuti exercises the most high jurisdiction over legislation and statute of Ma'at Law. All legislators, counselors, executors, scribes, and judges [and Independent Contractors] are governed by this Office.
 - 1.1.3 Tehuti operates this Office in service to the Wasarian Tribunal, to establish the Law which governs the Measurement of the Weight of the Heart.
 - 1.2.0 The Wasarian Tribunal
 - 1.2.1 The Tribunal of the Heart, Wasar presiding over the Judgement, is the Government of any body / body-politic which is considered a Human Being. The Union of Humans comprises the borderless Nation of Nature.
 - 1.2.2 This Tribunal shall be the Office of Was Ir (Wasar), and the Seat of the Judge shall be established and maintained by the Office of Was Het (Waset).
 - 1.2.3 The Judicial Office = The Seat (Center) of the Judge(ment) = Wasar = G, Governor of the Heart a.k.a. The Tuat a.k.a. The Inner Chamber. The Inner Judge (Inner-G) governs consciousness and the mind's state of peace (rest, balance, Hotep).
 - 1.2.4 Be at peace with your Inner-G and your Judgement will not stand as a Witness against you in a Court of Law. When the Judge is at peace with the Rule of Law and the Decision of the Judgement then the Execut[ive Office] will manifest the Will of the Inner-G.

- 2.0.0 Right Conduct
- 2.1.0 Definition & Constitution of Conduction.
- 2.1.1 Conduction, or Conduct, is the manner in which a body interacts with, or transmits force upon [i.e., to cause, or, to waver the magnetic field of], another body, to the effect of [contracting or expanding, as in] generating or radiating mass [in free energy, or interest], either in opposition or in [exchange].
- 2.1.2 Force is the effect of cause, transmitted toroidally within a single body, or between two or more bodies.
- 2.1.3 A body is any constitution of mass [matterreality]. Force is equivalent to the energy produced by said mass in a right state. To be right is to be squared, to be moved over time, as like a light.
- 2.1.4 Right force transmitted between bodies to mutually generate and/or radiate mass-energy is Ma'at, and the Conduct is deemed lawful.
- 2.1.5 The act of deeming such conduct to be lawful is to measure the weight of the force being conducted between the acting bodies. If the force between them is right, then the benefit between the bodies will be mutual, and they will be recorded, or spoken, as such.
- 2.1.6 The force which is conducted between bodies is Electric [E] force. The State of Being which allows E force to pass between bodies of differing potential is its Magnetism. A body of any mass possesses a corresponding magnetic field, and therefore the ability to engage in right conduction.
- 2.1.7 E force [energy in motion] is the conduction of the [will] to cause change to occur within one or between two or more bodies. The State of the bodies when engaged in the act of transmitting force is Battery.
- 2.2.0 Battery.
- 2.2.1 A battery is any vessel consisting of two or more bodies, in which E force is converted into or stored as

energy (E) and used as a source of power (i.e., to effect, to manifest a purpose).

2.2.2 To Engage in battery is to transmit E force between two or more [contracting] bodies. Each body or body-politic, in the context of the act of battery, is polar to the other, to the effect that their interests possess opposing 180° magnetic relationships to each other. E force is generated in high pressure zones and transmitted between bodies from higher to lower pressure zone. A victim of battery is one whose E force respective to either the contraction of the energy exchange or the cycle of the battery is being resisted past the period of right reciprocation, a period of 1/2.

2.2.3 Right Conduct is lawful battery.

2.2.4 Hostile Conduct is unlawful battery in which the victim had been bound to contract [to engage in battery] against the will of their party [magnetic pole]. Unlawful battery implies the imbalanced [or inequitable] extraction or exploitation of the energy of a body for the disproportional gain of another. Unlawful Battery is illegal in physics and illegal in the Sovereign State. The reciprocity for Unlawful Battery shall be an equal and inverse transmission of force at the limit of the arc.

2.2.5 Lawful Battery is exemplified in the Wasarian Tribunal in which Wasar, Judge, has received the Ba of Ra [E force] and come to peace with it. Such Conduct is Ma'at. In this case, the medu neter scriptures illustrate Wasar as a Djed pillar [column with four cells], i.e., backbone, or battery. Such is the Conduct of the Judge in the Tribunal, and the business of the Office of Tehuti.

2.3.0 Sovereignty.

2.3.1 The body of the Human Being retains the Natural Right to Remain Inert, i.e., unengaged in contracts of battery. However, the Natural Order of Changes of

State of economy, family, etc., force all bodies to engage in social and civil conduct. Hence, the Standard of Good Conduct shall be the practice of lawful battery.

- 2.3.2 No body shall be holden to engage in Unlawful Battery, i.e., in a manner of conduct which produces and maintains against Natural Order a disproportionate gain [of mass-energy] for one and loss [thereof] for the opposing party. i.e., All acts of Conduction must follow a cyclic sine-waveform progression, which converts all energy from one party to the other into a reciprocal exchange of mass, and which energy, after being charged, is discharged to the Natural pressure zone.
- 2.3.3 A case in which energy is prevented from returning to its Natural pressure zone without the consent of both its constituent parties [the participants of battery] is unlawful.
- 2.3.4 Any body maintains its right to assert its State of Sovereignty when engaged in Unlawful Battery of their person, resources, or lands, perpetrated by opposing parties against their will.
- 2.3.5 An increase in the value of energy being withheld in an Unlawful Battery of another's body—that is, energy or mass being withheld from returning to its producer—generates pressure to be discharged in the opposite direction.
- 2.3.6 Any State in violation of the Law of Battery is an Oppressive State and its victims remain in perpetual right of their Sovereignty from the unlawful acts which had and are being perpetrated upon the bodies of them and any of their Ancestors who have come into contact with the offending party.
- 2.4.0 Statehood.
- 2.4.1 The Statehood of a body is the magnetic relationship which they pose within a field occupied by bodies of

various masses. The degree to which said body is independent of engaging in conduct with the bodies around them constitutes their Sovereignty.

- 2.4.2 The body engages in any number n of States of Being internally or with other bodies (as it is generally impossible for a body to remain Inert in the 3rd Density Plane). Such engagements as are made by consent are well-conducted and lawful.
- 2.4.3 The Sovereign State of Being in which a collective body-politic engages in Good Conduct is called [Just, Right, Equitable], especially if that State
 - (1) relates to that of the persons in general as being free from Unlawful Battery by a hostile party [i.e., a corporate state, *Babylon*], i.e., a State of Freedom or Liberty;
 - (2) is landed on the Ancestral, or Mother-, Land of said body-politic, from or to which they may have migrated, willingly or otherwise.
- 2.5.0 Ma'at Conduct.
- 2.5.1 C force, or Light, is the transmission of E force at the maximum [or optimal] wave-frequency (speed) which can be [induced within] the Third Density Field.
- 2.5.2 Given that Battery occurs as a transmission of E force between one or two+ bodies of differing potential at a frequency n between the real values of 0 [inertia or blackbody] and C, a Lightbody (i.e., star), can be said to possess one body unified along the spectrum of its E transmission instead of as two bodies transmitting E.
- 2.5.3 All bodies maintain the Right to be Light, but, C can only be approached by a body traveling along a wave-spectrum toward the Source of its own transmission without resistance [i.e., current C].
- 2.5.4 A body of mass density M approaches C when its vibrational frequency is amplified to the square of E and its resistance approaches blackbody [0].
- 2.5.5 The Order in which two bodies conduct the intent to

cause change is Ma'at only when the two poles of the transmitting force act in opposition [at 180° to each other] and alternate in Harmony around a shared and centered 0° axis. As such, a dipole [2x octave] force operating at 180° opposition must harmonize at 0° rest, or the square of n, to complete one 360° cycle.

- 2.5.6 Such is the Law of Magnetic Current manifest as the visual mathematical formula of (2:1) magnetic lay-lines [i.e., yin:yang::Tao] + Electrical-transmission.
- 2.6.0 The Heart.
- 2.6.1 The Heart is the center wherein any balanced System [i.e., Battery] comes to rest, i.e., where the resistance of composite masses become at peace (hnp) with the force of E-transmission and stabilize in the battery (as a djd).
- 2.6.2 E Force in opposition is expressed as a quantity and density [weight] of mass vibrating at E frequency [= n units +/- relative to 0]. Yet the battery does not dissociate from the radiant force of E due to the contraction force of -E. Hence, at one half of the 180° field of opposition lies the point at which the repulsive and attractive forces of the dipole E-spectrum harmonize into one motionless and balanced center, which center is the Heart of the Battery.
- 2.6.3 E force at rest between two opposing states is as the Ba of Ra when it has been received by the Ka of Wasar.
- 2.6.4 If the Heart is not centered between these two opposing poles force then the battery is unlawful.
- 2.6.5 If the Heart is not brought to rest, according to the Laws of Harmony, between equally opposing forces, then the battery is unlawful.
- 3.0.0 Principles of Lawful Conduction and The Rise of Order (or, Theocratic Statesmanship)

- 3.0.1 Wasar in the Tuat is the model of Sovereign Statesmanship representing the faculties of the consciousness of the Human Being and the exercise of Good Judgement on the individual and on the interactive (battery) level.
- 3.0.2 Ra in Heaven (that is, appearing to pass over and around the earth) is the model of Sovereign Statesmanship representing the Human Being's right to government by divine rule;—that is, by a government in the model of the PauT nTRu [the order of forces who are in the company, or boat, of Ra], also called: Abosom, Orisha, Vodou, Arusi: “Spirit-forces of Creation animating Nature” ; n degrees of spectrum u.
- 3.0.3 Civilization is the act of engaging in the Order of the nTRu forces which come forth in the company of Ra, or, the act of Ra-ising [raising] Order out of “Chaos.” The Order of the nTRu is the set of values for the frequencies of sine-wave conformities within a spectrum of n pressure zones; where $n=8+1$ or $n=9+1$ depending on the model; and $u=n$ to the power of n.
- 3.0.4 R [Ra] is the Force which gives/transmits/bends energy E through a magnetic field M, thereby giving Order [viz., direction] to the field of blackbody radiation called “inertia,” or neutral disorder N.
- 3.0.5 High or Right Civility [lawful battery] conforms to the Natural Order n of MER Law within given MN field-density. The order of nTR within MN is MAa.
- 3.0.6 R force E approaches the limit of C when M offers no resistance to E. $RE=MC^2$. Any M with a resistance n is T. Any EM force R possesses a current density I (A).
- 3.0.7 RE force concentrates as light-mass MC in capacitor ITn (the sun disk) and engages in lawful battery with the earth-mass TNn [mass out of inertia; risen land]. The magnetism M of ITn registers the capacitance of

the system IT_n-RE that allows for the mass TN_n to occupy the natural nTR pressure zone for E and thereby support life and generation.

- 3.0.8 The site B of mass IT_n (the sun) for force RE is the North-pole/center of the battery while the site K of mass TN_n finds its natural pressure zone in the South-pole/perimeter. E transmits from South to North by East and back by West. Therefore, a divine ruler [i.e., IT_n-RE] measures revolutions per cycle of generation for all bodies within its magnetic field.
- 3.0.9 RE current passing through a mass-resistance nT within a MAa-T pressure zone is RAM current. In a stable, balanced battery D (i.e., civilization) every body of mass [comprising the total mass nT of the body-politic] comes to rest within the cycle of its natural pressure zone according to RAM and RE current IT_n.
- 3.0.10 Any mass T which comes to rest against force RE within a stable cycle of MAa-T is WSIR, where W=u and S=dipole electric force in opposition, i.e., wave.
- 3.0.11 The Tribunal wherein is measured N_n (the place of balance, or neutrality, at the center of T), i.e. the Heart, of waveform S is the seat of force R when in mass T. The weight of the Heart is found by measuring the resistance of T to C. Hence, the Tribunal takes place “hidden” within mass TN_n, i.e., in the Secret Chamber.
- 3.0.12 When force R is vindicated from the resistance of mass T, then it will approach C in the positive direction of IT_n.
- 3.0.13 Given a system of governing bodies according to Right Conduct [a lawful battery, a civilization], it is good to note the order [MAa-T] n by which inert mass N conducts force RE through magnetic field M into mass T within a system approaching C.
- 3.0.14 H is the boundary or “house” of the limit constant C.

- 3.0.15 The force which initially conducts ES sine-waves into lawful MAa mass nT from N is KPR, where
K=magnetic mass [in electrical] potentiality.
- 3.0.16 The force which gives growth u to T by amassing waves MAa is PTH.
- 3.0.17 The total potential force Nn + total RE force K of magnetic field H is current IMN.
- 4.0.0 The Quantum Cosmology of Coming Forth by Day
- 4.0.1 All reality that is perceived is a waveform at its root. All things which appear are as changeable as water. Color, sound, texture, and all other sensations perceptible to the five physical senses are waveform expressions of electrical potentiality within a magnetic field. A waveform at rest generates no conditions of being.
- 4.0.2 When the waveform is displaced from its resting position (by causal force) it bends its flat geometry according to its capacity to transmit force and assumes magnetic properties which cause it to emit signals of charge, spin, color, etc., by which it may be perceived. Unrest, or excitement, manifests a polar magnetic field.
- 4.0.3 When the waveform is perceived by a signal-receiver then a bond is formed and the wave's magnetic properties are crystalized for the period of interaction during which it is perceived, i.e. as matter (mass-energy potential) existing in time (spectrum / duration).
- 4.0.4 The presence of mass-energy warps its magnetic field and curves spacetime; hence, the generation of such magnetic potential will cause the bending force to act upon the relative field. The bending force will excite the quantum magnetic substance of the field, draw it into the positive pole of the field, and bind it into positive and neutral energy-units, creating a

- controlled center of generative magnetic potential.
- 4.0.5 Under such conditions, energy-units in relative proximity to the magnetic center of the mass-energy spectrum will interact with the positive slope of the field per magnetic conditions. Such an energy unit, called an electron, will assume a “negative” interactive polarity relative to the positive magnetic center, called a nucleus. The electron orbits a nucleus at a particular frequency designated by the strength of the magnetic field, which produces a correlative sound and color, dimension and velocity, etc.
- 4.0.6 All appearance is the evidence of a specific quantum condition which can be expressed as a waveform. Therefore reality is a crystalline state of ionic interaction “solidified” by perception, while magnetic waves represent that same potential reality in an etheric, unrealized state. Ether, or space, is condensed into matter by magnetic force drawn toward its geometric center.
- 4.0.7 By this methodology, all Systems are composed of a “positive” condensed material center exerting a magnetic field which bends a “negative” etheric shell into orbit around it. [7.i.] These are called Hadit and Nuit in A.:A.:, respectively.
- 4.0.8 The earth itself is the “solid” crystalline state of the electron-dense stratosphere which encompasses it. In this system the earth is the nucleus and the ionosphere is, literally, the electron cloud. Because the ionosphere is at the edge of the earth’s magnetic field, and thus registers and reflects the magnetic activity which occurs on the surface below it, it is called Heaven in the scriptures.
- 4.0.9 By implication, the substance which generates matter in a system (electricity) is itself a form of matter in its most energetic state. The substance is transmitted into matter by condensation of its matter and conductance

of the relative magnetic field.

- 4.0.10 Electricity condensed and stabilized is light (or, produces light as a byproduct of contraction). Light produces gasses; gasses produce water; water produces solids.
- 4.0.11 [010717] The whole of the universe is always and eternally in motion, yet the sum total of motion in the universe is rest. i.e., The most polar motion, even in its most energetic state, is neutralized by a discharging, complementary motion, i.e., its equal and opposite reaction. Therefore every motion +x is accompanied by a complementary motion -x, thus always rendering a sum of 0.

1.4.13 [The Lamentation of Yahweh, God of Yacob]
O how our hearts have born witness to the ignorance of this Age, of how Yahweh the Artificer fashioned a man in the false light of his own demiurgy, and how mankind disintegrated into ignorance of their own Universal Lightsource; of how Yahweh bore Cain who slew Able for his own gain, making a covenant of the sword with his Lord sevenfold; of how Lamech slew two men and took two wives and took the covenant 70 times over Cain; of how Lamech’s son Tubal Cain wrought iron for war to fulfill his father’s song of the sword; of how Noah bore three sons who bickered in war and divided amongst themselves nations; of how Abram bore two sons and abandoned his first born; of how Yacob went into the house of Ham and came out king; of how Moses led Israel again his own brother; of how thence the many factions scattered and consolidated into Empire, incorporated states, and chartered companies to lord over the natural

world; of how there will come forth a day when the Knowledge of the True God shall enlighten the heart of all people who have not heard the Word, and this Gnosis shall be their christening and their salvation, and they shall dwell in the Kingdom of God forever. This is the evidence as recited from their own Book of their Rebellion against Humanity by the political faction led by Yacob the Light Bearer. This is the Divine Struggle of this Astrological Cycle. At the Apocalypse, the Djedi shall liberate the upright standing human being from the mental and physical bondage of the ignorance of the Isfederal Empire!

- 1.5.0 [The Testimony of True Speech (Voir Dire)]
- 1.5.1 Who will come now and bear witness in the matters of this hearing, finding them in thy heart to be true? Who among you hath seen and heard the truth, come now and testify ...
- 1.5.2 [Comes now a Witness from the Congregation.]
- 1.5.3 ... For whosoever cometh and to bear witness to the Truth will have mounted their Defense against Isfet. Wherefore the matter in re the Defendant comes now on for Hearing, now Let them be tried and examined.
- 1.5.4 Djed Medu [i.e., to make Declaration, or recitation, of speech by] the Defendant [who seeks to be identified with Wasar]: *“O my heart which I have from my mother, O my heart which I have upon earth, do not stand as a witness against me in this tribunal, for you are my soul within my body and my god is with me...”*
- 1.5.5 [Whereupon comes the Witness to Testify from their heart, they may speak freely if they know the Truth, or, should they require or entreat for counsel, Ombudsman may administer unto them Interrogatories for Examination by Hearing]
- 1.5.6. Djed Medu Djhouti, Ruler of Ma'at, Measure of what is Right, to those who are in the Company of Wasar: *“Hear ye this decision in very Truth. The heart of*

Wasar [the Defendant] has been weighed, and their Ba stands as a witness for them. Their voice is true; their deeds are righteous. They will not be resisted from joining those who dwell in the Field of Peace.”

- 1.5.7 Djed Medu He Who Watches the Plumb-Line [Djhouti or Anup]: *“Pay attention to the decision of Truth and the plummet of the Balance according to its stance.”*
- 1.5.8 Djed Medu Those Who Are In The Company of Wasar [i.e., the Jury]: *“That which comes from your mouth is true. The vindicated Wasar [the Defendant] is righteous. They have no imbalance; there is no [longer any] case against them before us.”*
- 1.5.9 Djed Medu Wasar, Sovereign Judge of the Tuat: *“Let the Ka of Wasar be at peace with Ra, and the Ba of Ra come to rest in Wasar, that it may enter into the Hall of the Double Truth and come out as a living soul in the form of its desire. It is good for the dead to know this, but also for whoso does it on earth.”*
- 1.5.10 Hotep. Thank you for your testimony. [If the Defendant is vindicated] You are truly a Knight of Djedu, MaakHeru, Free in Thought, True of Speech, a Laborer of the Light.
- 1.6.0 Hear you now, and heed the Djedi Creed:
- 1.6.1 I affirm and bear witness that there is One Universal Lightsource, from which all lifeforms are begotten.
- 1.6.2 I affirm and bear witness that there is One Unified Force Field, through which all light is borne by and through Nature.
- 1.6.3 I affirm and bear witness that I am that I am, begotten not made, of my Father in spirit, and my Mother in flesh.
- 1.6.4 Light of the Light, which is born of the night, my body established a Temple, my spiritual life as my natural Rite, divinely and perfectly human.
- 1.6.5 Having known sin, I am nourished within by my

consciousness, conduct, and judgment.

- 1.6.6 Doing Ma'at upon earth, by the Rite of my birth, I deliver me into mine Kingdom; upon my foundation of spiritual labor, I Self Law am Master and Savior.
- 1.6.7 I observe and bear witness to the One Universal and Holy Church, the Mother of Humanity; to the One Universal Law and Order of Ma'at; to the One Gnostic Baptism of the Holy Word by which spirit's from ignorance freed; and in the Kingdom of Heaven on Earth, and Everlasting Life,
- 1.6.8 And I know that I am is the only true Light.
- 1.6.9 La Illaha Ill Allah, Amen.
- 1.7.0 [The Gospel of Scribe]
- 1.7.1 Bismillah, by the most gracious mercy of God, did I, the Scribe, in the year of the lord 2014, receive that part of the Transcendent Mind which revealed itself to me by the name of Djhouti.
- 1.7.2 And that Spirit of Mind professed to me by way of many degrees the one true and Holy Wisdom of the presence of the kingdom of God; and pursuant to the trials thereto prescribed and the good work thereto pertaining, delivered unto me the Truth of the most Good News, which superseded all that I had reasoned, and I received the Gnowlege, and I was received into the House of the Lord in the blessed name of the Holy Spirit Iaoue 'Yah Shva'Yah, alayhi assalaam, Amen.
- 1.7.3 Like all men of Kham I have been a high priest, like all men a slave. I was born of my mother on the Virgin Mary-land by and through Thought Incarnate; I heard the words of nature and I transcribed the language of metu netjer; with these words I acquired great power and thus spoke myself into being; to these things my heart hath borne witness. I was Scribe in the House of Pharao and the Scribe among the Pharisees; I was Notarius in Rome; and I am the Scribe in America today.
