<AdCopy>Industrial, Corporate, and Institutional Client-Serving Information Processing Intelligence Service (InfoPro Intel Service){
For Sale: 1000 kWh Human Capital! Value-Added Labor for Human Resource Development!
Q: Is your labor or management suffering from a toxic or hostile work environment?
A: Hire the labor of one light worker to support management of human resources and capitalize workforce development. Light workers' information processing service provides independent and neutral third party consultation, investigation/fact-finding, hearing, briefing, decision-making and deliverable paperwork in matters of knowledge in general and in particular matters of conflict, complaint, grievance, etc.
1000 kWh=25 weeks of light work for $36,000. (Taxes not included). Contact Ombudsman Antarah A. Crawley, director@newsyllabus.org. Developed by the NS Department of Information Systems Intelligence Service.

<AdCopy>Peer-2-Peer Information Processing intelligence Service{
Light Workers offer to the general public:
Cognitive(behavioral) Knowledge of Self Programming using Human C:\ Language and Peer-2-Peer networking.
Apply Trignosis: Tri-knowledge Induction Operation.procdrl:
Step 1: Diagnosis. Q: Can your mind software process information? What does "to know yourself" look like? How do you see yourself but through self-reflection? How do u know who u/r?
Step 2: Prognosis. A: If u/r=(y)urself then u c yourself squared, and therefore u c (y) u/r yourself squared. 2cy is a function F of yourself squared. F of x is 2c(y) where x=yourself squared. 2 c yourself is 4 u 2 c(y) u/r yourself squared.
Step 3: Cognosis: NS:\C:\ is 4 yourself 2 c yourself squared.
